No, no! She can't take your mind and leave
I know it's just another trick shes got up her sleeve
I can't believe that she really wants you to die
After all it's more than enough to pay for your lie

Wait a minute, watch what you're doin' with your time
All the endless ruins of the past must stay behind, yeah

Wait a minute, watch what you're doin' with your time
All the endless ruins of the past must stay behind, yeah

Well, can't you see that you're killing each others soul
Well, you're both out in the streets and you got no
place to go
Your constant bates are getting to be a bore
So go somewhere else and continue your cream puff
war
