Lazy Lightning

Lazy lightning sleepy fire in your eyes
It's like desire in disguise
I keep on tryin' but I, I can't get through

Lazy lightning, I'd like to find the proper potion
That's gonna capture your emotion
You're right beside me but I, I can't get through

You're a loop of lazy lightning,
Just a loop of lazy lightning,
Must admit you're kinda frightening
But you really get me high

So exciting, when I hear your velvet thunder,
Seems one day I start to wonder
Would you come closer if I, if I asked you to?

So inviting, the way you're messing with my reason
It's an exception but it's pleasing
Tell me a lie and I will swear, I'll swear it's true.

You're a loop of lazy lightning (Lazy lightning)
Just a loop of lazy lightning (Lazy lightning)
Must admit you're kinda frightening
Just a loop of lazy lightning
Put the fire in my eyes (Lightning)
Put the fire every time (Lightning)
Put the fire in my heart (Lightning)
Well come on lazy lightning.

Just a loop of lazy lightning

Misty lightning, well you always electrify me
Someday I know you'll satisfy me
And all that lightning will be my lightning too.
My lightning too. (My lightning too)

Just a loop of lazy lightning (My lightning too)

My lightning too (My lightning too)
Just a loop of lazy lightning (My lightning too)
My lightning too (My lightning too)
Oh come on lazy lightning (My lightning too)

Well, dizzy ain't the word for the way that you're
making me feel now
Well, I need some indication, girl, if all of this is real
now
Tell me girl now

Well, I've heard it said there's something wrong in my
head, now
Got to help me, girl, now
Could it be infatuation or am I just being misled now?

Little bolt of inspiration
Way you strike me now
She's back in my imagination, got the lightning now
Cause me such excitation, got the lightning now
'Bout to end my suffocation, come on strike me now

Little bolt of inspiration
Way you strike me now
She's back in my imagination
