Get in the groove and let the good times roll  
We're gonna stay here till we soothe our soul  
If it takes all night long  
Come on and let the good times roll  
We're gonna stay here till we soothe our soul  
If it takes all night long

The evening sun is sinking low  
The clock on the wall says it's time to go  
I got plans, and I got plans for you  
I tell you exactly what we're all gonna do

It might be twelve o'clock and it might be three  
Time doesn't mean that much to me  
Ain't felt this way since I don't know when  
Might not feel this way again

It might be six o'clock and it might be eight  
It don't matter that it's getting late  
We're gonna make the band play one more song  
Get in the groove if it takes all night long

All night (all night)  
All night (all night)  
If it takes all night (all night)  
You know it might take all night long (all night)  
All night long (all night)  
All night long (all night)  
(continues)

Get in the groove and let the good times roll  
We're gonna stay here till we soothe our soul  
If it takes all night long
