Til the Morning Comes

-----

Til the morning comes, it'll do you fine,  
til the morning comes, like a highway sign,  
showing you the way, leaving no doubt,  
of the way on in or the way back out.

Tell you what I'll do, I'll watch out for you,  
you're my woman now, make yourself easy,  
make yourself easy, make yourself easy.

Til we all fall down, it'll do you fine,  
don't think about what you left behind,  
the way you came or the way you go,  
let your tracks be lost in the dark and snow.

Tell you what I'll do, I'll watch out for you,  
you're my woman now, make yourself easy,  
make yourself easy, make yourself easy.

When the shadows grow, it'll do you fine,  
when the cold winds blow, it'll ease your mind,  
the shape it takes could be yours to choose,  
what you may win, what you may lose.

Tell you what I'll do, I'll watch out for you,  
you're my woman now, make yourself easy,  
make yourself easy, make yourself easy.

You're my woman now, make yourself easy.  
You're my woman now, make yourself easy.  
You're my woman now, make yourself easy.  
You're my woman now, make yourself easy
