Saw the lady face to face  
Who rules the joker, commands the ace  
I just rolled in from the golden state  
Just a dusty spoke on the wheel of fate

What'll you raise?  
What'll you raise?  
What'll you raise to take my hand?

The hand I hold is the hand I play  
Who'd have ever thought they would fall this way  
Can't see me if you won't call  
And it might be a stone buff after all

What'll you raise?  
What'll you raise?  
What'll you raise to take my hand?

What'll you raise?  
What'll you raise?  
What'll you raise to see my hand?

If there is heaven  
Those are the priests  
Who can deliver at all?

Is there a gaping or any safekeeping?  
If not, how far can we fall?  
Far can we fall?

East of the sun and the west of the moon  
Darling hold on, I'll be coming soon  
Maybe our love was meant to be  
The only solution is to wait and see

What'll you raise?  
What'll you raise?  
What'll you raise to take my hand?

What'll you raise?  
What'll you raise?  
What'll you raise to take my hand?
