If you ever see her lyin' hurt don't just stare
Please get up get up get up get up and help her
And then check her pulse and give her air
And then listen and breathe
And keep checkin' and checkin' and checkin' her heart

Drive away
Don't leave her this way
Don't drive away again

I could never say the things that kept me up
Just lay there listenin' to you whisperin'
Maybe you were s'posed to help me learn to love you
more
Help me notice how we're different different different
Alright, alright

Drive away
Don't leave her this way
There's not enough hours in our days
Drive away
Drive away
Don't walk out on her again
Again

Don't drive

Drive away
Don't leave her this way
There's not enough hours in our days
Drive away
Drive away
Don't walk out on her again
Again again again
And don't drive away
Don't leave her this way
There's not enough hours
Not enough hours in our days
And don't drive
Drive
Drive
Don't drive away
