Welcome to sinland
The paradise of the damned
You give me pleasure I give you pain
When I am done you'll never see again
There is no turning back
I'm turning black
Lust is our glorious world
Sin we explore
We enjoy your pain
And through your pain we will be reborn
There is no turning back
I'm turning black
To fulfill my endless desire

I enter the land of fire
To create my infernal breed
It is your blood I need
Your life is under siege
I slay you I damn the weak
To fulfill my endless desire
I throw myself into the fire
There is no turning back
I am the black
