Genocide of human kind,  
To procreate your stinking life,  
Petrified you watch them die,  
Unholy terror we apply.

Dog.

Far from life known to you,  
Journey into the unknown,  
Still alive you watch them die,  
Your holy terror we deny.

Closer to the truth,  
Further from your god.

As I walk the shadows,  
In the valley of death,  
I shall fear no evil,  
'Cause evil walks by my side.

Genocide of human kind,  
To procreate your stinking life,  
Petrified you watch them die,  
Unholy terror we apply.

Closer to the truth,  
Further from your god.
