Until the end of time  
I know you'll be mine  
Forever and ever  
We stay together  
When thunder and lightning  
Changes love into hate

Our curse will come true  
Always and eternally

Until the end of time  
The sun will go down  
Heaven will rain  
Upon your crown  
When thunder and lightning  
Changes love into hate

Our curse will come true  
Always and eternally

Always and eternally  
When love and hate collides  
Always and eternally  
We stand side by side

Now spread your wings  
Strong and mighty  
Fly high as you can  
And touch the sky  
When thunder and lightning  
Changes love into hate

Our curse will come true  
Always and eternally

Always and eternally  
When love and hate collides  
Always and eternally  
We stand side by side

Always and eternally  
When love and hate collides

Always and eternally  
We stand side by side
