Avalon
Avalon

On the way to Avalon
Excalibur will go on
Saved from the evil, true to the drake
Kept by the lady of the lake

Screaming, bleeding, dying
Screaming, bleeding, flying

Avalon, enchanting land of fairy tales
Avalon, heavenly mysteries are unveiled
Avalon, close your eyes and just dream on
Avalon, giving shelter from the storm

Sail away into the misty gray
Under escort of Morganne Le Fay
Silently sliding on the sea
Abandoning mortality

Screaming, bleeding, dying
Screaming, bleeding, flying

Avalon, enchanting land of fairy tales
Avalon, heavenly mysteries are unveiled
Avalon, close your eyes and just dream on
Avalon, giving shelter from the storm

Avalon
Avalon

Screaming, bleeding, dying
Screaming, bleeding, flying

Avalon, enchanting land of fairy tales
Avalon, heavenly mysteries are unveiled
Avalon, close your eyes and just dream on
Avalon, giving shelter from the storm
