You sit alone in lightless chambers, all the love you  
had is  
gone  
No one there to catch your fall, you never felt so alone  
Blackened thoughts in lonely ruins, lifeless eyes an  
empty  
gaze  
Death is but a promise now, life is just an empty phrase  
Demons wait in every corner, reach for you with  
poisoned  
claws  
Madness spreads its wings above, you're lying helpless  
on the  
floor  
No one there - lost alone - madness rules - love is gone  
No escape - never try - no way out - you will die  
Come out to the other side  
Agony's your friend  
Come out I will lead the way  
In life there is no sense

[Chorus:]

You're my victim, you're my prey, I will get you on  
demon's  
day  
Can't you see me, can't you feel me, I will get you on  
demon's  
day

No one there - lost alone - madness - rules - love is  
gone  
The sun will never shine  
No escape - never try - no way out - you will die  
You die so alone  
You've gone through hell, you met the devil, demons  
paved the  
way you walked  
All alone you took the challenge, no one listened as you  
talked  
Now you live a happy life, with all friends up in your  
head

Pills provide an easy shelter, all your sadness now is  
dead

[Chorus]
