

## Grave Digger "Play Your Game"

Young and free, it's a crazy scene  
Evil's smile between your eyes  
Eye to eye and back to back  
You can't escape as the sun turns to black  
Hot tonight - I wanna know  
what you feel inside  
Hot tonight - Your eyes are  
full of lies  
Play Your Game  
Play Your Game  
Play Your Game  
Play Your Game ...  
...And Kill  
Never again, I won't see your hands  
fear is everywhere you stand  
We all live in a state of hate  
We're so blind but that's our fate
