I'm the king of destruction, the master of chaos
Leading the fools to the gates of hades
I'm weaving shadows, deep in their mind
Stealing the light and leaving them blind
Leader of armies, destroying each other
I'm watching with joy as brother kills brother
Inventor of weapons, too mighty too strong
Taking mankind back to where they belong
Living in religion
I'm living in your greed
I'm growing every day anew
Your hate is all I need
Die! Die! Die! Die!

[Chorus:]

Shadowmaker, shadowmaker - meet me in the night
Shadowmaker, shadowmaker - you will die
Shadowmaker, shadowmaker - in the dark of light
Shadowmaker, shadowmaker - you will die

I'm the emptiness between two lovers
Feeding them poison, till they hate each other
I'm smiling as finally, under tears they part
And nourish myself, from their broken heart
I'm sowing bewilderment, between those who trust

I'm kicking your dearest dreams in the dust
Where hatred rules, I will dwell
Call me devil, then you live right in hell
Living on the dark side
I'm living in your head
You're feeding me despair
And I shall drive you mad
I exist in you, in the shadows of your brain
I belong to you, and you know my name
Like a child you grew me, every day of your life
If you say you know me, it is a lie
I'm white and pale, because I live in the night
Of your happy days, of your lifeline so bright
I'm growing stronger, from the hate in your soul
I'm growing stronger, till I take control
I'm living on the dark side

I'm living in your head
And I shall drive you mad
