Magic potion, crystal clear
It's too late
Open lips and open heart
Tristan's fate

Magic potion, crystal clear
It's too late
Open lips and open heart
Tristan's fate

Magic potion, crystal clear
It's too late
Open lips and open heart
Tristan's fate

Braveness, courage, fortitude
Guide Tristan on his way
Hunting, fighting, risking all
There's no way he could fail

When he plays harp the angels sing
Enchanted by its melody
Falcons made obedient
No anger and no jealousy

But what's all the virtue worth
When the highest wish is refused
When desires never stilled
And your love remains taboo

Some heavenly moments with her
Did fade away too fast
Now is the time to sacrifice
And to erase the past

Magic potion, crystal clear
It's too late
Open lips and open heart
Tristan's fate

No escape, your fate is sealed
Your longing will never cease

Dream away and she'll be yours
Dream and put your mind at ease

Give her to another man
Your common roads do part
Destiny separated you
But forever melted your hearts

Magic potion, crystal clear
It's too late
Open lips and open heart
Tristan's fate

Magic potion, crystal clear
It's too late
Open lips and open heart
Tristan's fate

Magic potion, crystal clear
It's too late
Open lips and open heart
Tristan's fate
