We like to spy on the neighbors

They look so happy together

Funny the power of strangers

Sometimes I wonder if they got it better

Green

Have you seen green

Check out the view from the rooftop

They've got a horse and a big trampoline

Runing and jumping till they drop

Down on the ground and they're rolling around in

Green

Have you seen green

Have you seen green grass

So green

Grass

So green

I'd like to be like that

I'd like to be moving on a lawn

So green

I want to laugh the way they laugh

See all my blues get back up in the sky

If only we had what they had

We'd never worry and we'd never cry for

Green

Have you seen green

Have you seen grass

So green

Grass

So green

I'd like to be like that

I'd like to be like that

I'd like to be moving on a lawn

So green
