Sleepy eyes

It's time to rise

It must be well past afternoon

I know you

Got a wonderful view

I am familiar with the ceiling

But when tomorrow comes

You'll be stepping out that door

But when tomorrow comes

You'll be stepping out that door

Don't feel bad

The love that you had

Just goes to prove that you are able

I know you

Got a terrible view

I am familiar with the feeling

But when tomorrow comes

You'll be stepping out that door

But when tomorrow comes

You'll be stepping out that door

Not too far

From where you are

Red leaves are floating from Sebastian

-Everyday

They fall away

Bright green is coming back in fashion

And when tomorrow comes

You'll be stepping out that door

But when tomorrow comes

You'll be stepping out that door

Tomorrow comes

You'll be stepping out that door

And when tomorrow comes

You'll be stepping out that door
