She may be influential  
She might state her case like a pro  
She might be a real great writer  
But I won't follow wherever she goes

Cause she tried to steal the one true jewel in orson  
welles' crown  
But all her biting wit and accusations didn't bring him  
down

She never floats as many ships as she sinks  
And I don't care what pauline kael thinks  
She never floats as many ships as she sinks  
And I don't care what pauline kael thinks

Maybe it's cause she's not beautiful  
Maybe it's cause she's just too damn smart  
Maybe it's cause she believe it's the truth  
Or maybe it's cause she likes breaking hearts

Well it probably doesn't matter cause I'll read her  
anyway  
But someday soon I'll throw that book down and just  
walk away

She never floats as many ships as she sinks  
And I wish I didn't care what pauline kael thinks  
No I wish I didn't care what pauline kael thinks  
No I wish I didn't care what pauline kael thinks
