Bang your head, bang your head  
Bang your head, bang your head

You are not the same that I was when I was younger  
I'm old with the Clan from my land, down under  
Deep in the darkness, just like you regardless  
Of who? It's obvious, we, ha

So lounge in my burial ground, boy, my despot  
I build my house on top of Salem's Lot  
Front porch, bloody, back yard, muddy  
Like Amityville, a family kills

Force of humanity, drove me to insanity  
Duel in all my rivalries, I speak of profanity  
Motherfuck this, motherfuck that  
Bang your, head

Bang your head, bang your head  
Bang your head, bang your head

Here comes the killer with the GraveDigga sword,  
gimme room  
Like Devils in a Ouiji board I'm spellin' doom  
Ever since six, throwin' mad stones  
And six catchin' Vicks on a graveyard shift

Thinkin' ain't a new phenom because my crew is on  
Spots'll blow like nuclear bombs  
With the killer instinct, rhymes are in sync  
B-B-B-Bang your head 'til it shrinks

Midnight marauder, bodies are gettin' slaughtered  
Bring a cross and a bucket of holy water  
You'll still'a be cajoled, 'cause the motherfuckin'  
Gravediggaz  
Come up your body, just like a klepto

Let's go, to the graveyard spot  
Count up the knots  
On the bodies that got dropped  
So bang, bang, bang, bang, bang, bang, bang

Bang your head, bang your head  
Bang your head, bang your head  
Bang your head, bang your head  
Bang your head, bang your head

Gatekeep, yo, I creep with the evil intent to represent  
The course, the night, a swarm with the dark force  
The killer brigade, twelve o'clock starts the raid  
Torch is lit, oh Rio Grade

Feel no pain those exposed to the raven  
Deep in every step, a blunt like Wes' Craven  
Yo! I eject the fume that spells doom  
The wickedest flow, sweep ya up like a broom

'Cause in the shadowy graves, of Medina high  
You're one step away from the arena of death  
Boom, bang, here I am, The Bezerk  
The ruthless killer, I do work

Dark forces thick  
Motherfuckers for rea  
Here's a tale from the crypt  
Bang your head

Bang your head, bang your head  
Bang your head, bang your head  
Bang your head, bang your head
