[Too Poetic/Grym Reaper]

Yo! Gravediggaz (yeah)

Yo! Y'all know what time it is (Gatekeeper, Grym Reaper)

Diggin up another plot (yo)

Dumb deaf and blind niggaz out here

Tryin to shine, yo, yo

Uhh, who give a fuck about a cop

when they move through the Brooklyn blocks lickin a shot

Where the hardrocks at, and the super thug killers?

If it ain't revolution then FUCK Y'ALL NIGGAZ

You talk about heatin up, blocks and streets

But your blocks go to sleep for the cops and beasts

Aiyyo, if I gotta see another black momma cry

Tony T.I.(?), I bring fuckin drama 'til I die

If y'all ain't ready, to walk that walk

Don't talk that talk cause I, live in New York

Where the Mayor, condones the outline in chalk

And the big blue gang stalks and bangs your corpse

And forced like American rebels into a rage

To force back Samaritan devils into a cage!

I'm the New World Order

The voice of electric currents of manslaughter

Unhand my daughters

and sons all Babylon, you're gonna hate me

Worser than Farrakhan even when I'm gone

My words carry on, my herds respond

Freedom is the road that my peeps travel on

My rap verse attacks first in from the black hearse

The wicked and weak, hurtin my peeps is gonna catch worse

No justice, no peace

It's just us kids in the streets goin to war with beasts

[Chorus: repeat 2X]

Peace God, what's today's mathematics?

The Gods wreak havoc on the weak wicked and savage

Leave 'em in a panic, then take advantage

in the two-triple-oh, we knock 'em off the PLANET!

[Fruitkwan/Gatekeeper]

Peace to the Gods, yo
Seekin inner sanctions, I don't tangle with Satan
Couldn't cross with what, navigations
Original hypocrites turned Digital, access pivotal
Metaphysical state, you can't relate
Where each drop of water, symbolic to atomic
slaughter
of Aurora comets, pay homage
I seek prominence, chop heads off devils
Remain dominant, blackness my practice of tolerance
Guided through a tower of scholars, mind equal in
power
Collisions brought about, tactical violence
Simplistic, warriorlistic type knights
that existed, in a crucifix, that's twisted
Hex cursed upon the X, but I respond
In six sects, (?) intense foe bein four hundred million
shoguns
Plus inside my dungeon for a psychiatric spongin
Foolish intrusion thumps in brain transfusions, I'm born
true eyed
At this moment, while my opponents are what?
Terrified

[Chorus]

[Fruitkwan/Gatekeeper]

Fuckin devils are evil
The hunger and pain in the father's plane of regents
I pledge allegiance
Swore to defend Allah's universal revenge
Conceal secrecy
The emblem of justice placed above the head
frequencies
Shaped in forms with dark matter
Usin ultra gamma rays to shatter they stagment
Broke your compounds to fragments
Induced the science of hypnosis
Causin they mind to combine summer solstice

[Too Poetic/Grym Reaper]

As my soldiers set to fire, to Boogie Down, Brooklyn,
and Queens
is bein sprayed with green pesticides
But we the only pest that dies
Not the roaches, mosquitoes, the rats or the FLIES!
That's just a lie to cover
Until the cops hover over the city to make people of
color just SUFFER!

I pity the unprepared
Who ain't tryin to hear what I'm kickin in his ear
We all aware cash rules
But some are unaware where and when to blast tools
When to act cool
Cause when you pursue beef on the street corner
Beasts bring the heat like a deep sauna
So I keep on a, glorious path in some water
Blessed with the warrior's wrath!

[Chorus]
