A blood red darkened sky
This day here after dies
Falls swiftly into deepest night
And stay within the evil sight

Evil thunder breaks the night
Breathless silence might
Sacrifices human kind
Evoke malicious of her mind

From the ashes of the graveyard
Sacrament and pain
Lamentous screams of tortured souls
Temptation of their God's

Hungry for essence of life
Sorrow and weeping words
Step by step the daylight leaves
Hallowed shadows of fear

Shall wither in her raven arms
Shall perish in embrace
Her love, her tears, the evil side

Shall vanish for her thirst of blood
Shall shrivel for delight
Her love, her tear, the evil side

Among the tomb of stone
Frozen hand of death
Where hungry lovers wait
Carry my soul to God

Descent the path of fear
No birds in dead trees
Where the mistress of life
Redeem me from my sin

Blessed by their beauty
Mysterious sign
Candles flickers through the hell
Wolves howl by her side

I rise before the queen
In evil feathured dress
When she looks through my eyes
Vanish my sin of life

Shall wither in her raven arms
Shall perish in embrace
Her love, her tears, the evil side

Shall vanish for her thirst of blood
Shall shrivel for delight
Her love, her tear, the evil side
