Sickness and plagues
Torture and pain
Seduction of life
Damnation of souls
With the power of death
Destroyed the world

Blessed by the night
Black velvet time
The secret behind
Thousand voices
Poison the earth
Are screaming in pain

Soiled in blood the wings of darkness
Somewhere in the black northern sky
In vengeance of our wrath
When demons are raping the angels
The children of darkness arrives
And blood is falling from the sky

In vengeance of our wrath
Turned from white into black
In vengeance of our wrath
Crushed all life of this world
In vengeance of our wrath

As darkness dwells into the ruins of God
And the shadows lies upon...
The eyes of all lies
Are watching down from the sky
And the endless howling wind
The world is grey and all life within
The creatures of lust and death
Destroyed the last on earth
Sickness and plagues

Torture and pain
Damnation of souls
Destroyed the world
Seduction of life
With the power of death

Blessed by the night
The secret behind
Black velvet time
Screaming - for revenge
Thousand voices
Poison the earth
