Staring into the distance  
Screaming out at the walls, yeah  
I'm so, so invisible

Can't see my hands in front of me  
Your sick and beautiful, yeah  
Falling into your silence  
You know you waste your pretty face  
Having a breakdown  
So strange and violent little show

Having a breakdown  
Having a breakdown

Are you having a breakdown  
I don't wanna be part of the scenery  
I got to break through all the machinery  
It's so cold like a gun up to my head  
It's no use, I can't breathe and I'm feeling dead

Tell me your little nothings  
You read between the lines, then  
I'm full and tainted even more  
You don't think I'll find you anyway

Having a breakdown  
Having a breakdown

Are you having a breakdown  
Having a breakdown  
I don't wanna be part of the scenery

I got to break through all the machinery  
It's no use, I can't breathe and I'm feeling dead  
It's so cold like a gun up to my head  
Staring into the distance

I'm so, so invisible  
Screaming out at the walls, yeah

Can't see my hands in front of me  
Are you having a breakdown

Having a breakdown  
Having a breakdown  
Having a breakdown

I got to break through all the machinery  
I don't wanna be part of the scenery  
It's no use, I can't breathe and I'm feeling dead  
It's so cold like a gun up to my head
