"Good Bye"

In a mirror of you
Reflections of you
You're showing what you feel like inside
Need the power of two
Just me and you
An image that you hold in your mind

Some time's you're wrong and then
Some time's you're right
You don't expect me to put up a fight
I'm sick and tired of all of your lies
I'm sick and tired and I'm saying good bye

I(I)I don't need this poison
I(I)I don't need your soul
I(I)I don't need more youth ness
I(I)I don't need you

You're a shadow of me
What I used to be
I'm fading as the light dims outside
I, I know what you need
Because I can see
I'm taking over thoughts in your mind

Some time's you're wrong and then
Some time's you're right
You're in the dark
So I'll turn on the light
I'm sick and tired of all of your lies
I'm fucking tired and I'm saying good bye

I(I)I don't need this poison
I(I)I don't need your soul
I(I)I don't need more youth ness
I(I)I don't need you

I(I)I don't need this poison
I(I)I don't need your soul
I(I)I don't need more youth ness
I(I)I don't need

I(I)(I) don't need this poison
I(I)(I) don't need your soul
I(I)(I) don't need more youth ness
I(I)(I) don't need you
