I love the thrill, I love the scene. Imagine you

in the white light, So beautiful, you watch me bleed

You're stabbing me from inside me now, Kneel down and tell me about your world, Tell me something that I don't know

You know nothing about the world around you.

It's not

enough broken in two, It's not enough speaking the truth

It's not enough watching me bleed, It's not enough torn in between It's not enough $\tilde{A}f'\tilde{A}$,-

I'm watching you

distorted view, So beautiful in the white light It's make believe, all that you see, It's haunting you from inside now, Kneel down and tell me about your world, Show me something inside your world, You know nothing about the world around you $\tilde{A}f'\tilde{A}$,-

It's not enough

broken in two It's not enough speaking the truth It's not enough watching me bleed, It's not enough torn in

between, It's not enough--Sometimes in me, you are

the seed, A dying need in the white light.

The simple truth, it speaks to me. It's screaming out

from inside now. Kneel down and tell me about your world

Tell me something that I don't know. You know nothing

about the world around you--It's not enough broken in two,

It's not enough speaking the truth, It's not enough watching

me bleed, It's not enough torn in between

It's not enough broken in two, It's not enough speaking the

truth It's not enough watching me bleed

It's not enough torn in between It's not enough
