What do you believe?
I look just like you
Take your misery
It's all that I can feel now

Forgetting your way too
I'll take you everywhere
I'll beg you, I'll save you
I'll make you everything

So let me be the one to clear your eyes
I am the one to tear down your disguise
Come get it

Your voice cannot speak
Pour me over you
I'm torn in between
There's nothing that you can do

I'm betting you're into
You're into more than me
I'll beg you, I'll save you
I'll make you everything

So let me be the one to clear your eyes
I am the one to tear down your disguise
Come get it

Let me be the one who wants you
Let me be the one who's wearing your disguise
I'm the only thing that wants you
I'm the only thing that opens up your eyes
Come get it

Too much to believe
Less than all the truth
There's no sympathy
Still trapped by what surrounds you

Forgetting your way too
I'll take you everywhere
I'll beg you, I'll save you

I'll make you everything

So let me be the one to clear your eyes
I am the one to tear down your disguise

So let me be the one to clear your eyes
I am the one to tear down your disguise
Come get it
