Look at you  
Looking through the window  
Wanna see everything tomorrow  
A silhouette of me

Is all you wanna see  
Why don't you  
You know that nothing is for free-yee-yee-yee

Come and be  
My Superstar  
My superstarvation  
I know you wanna be (I know you wanna feed)!!!!

My superstarvation  
You stare  
Nowhere  
Do you care  
You close your insides  
By your own fear  
And you're paralyzed

Inhale what's left of me  
You swallow what you breathe  
Why don't you  
You know that nothing is for free-yee-yee-yee

My Superstar  
Come and be  
My superstarvation  
I know you wanna be (I know you wanna feed)

Tied up and carried away  
You think you lost yourself  
And I think that I got the news for you

I'm the one that you want to give it to  
Dried up and withered away

You think you lost yourself

And I think that I got the news for you

I'm the one that you want to give it to

That you want to give it to  
Look at me

On the screen  
You're wishing  
Telling me  
That's missing  
Everything

Is all you wanna see  
A silhouette of me

You know that nothing is for free-yee-yee-yee-yee  
Why don't you  
Come and be  
My Superstar  
I know you wanna be (I know you wanna feed)

My superstarvation  
Come to me and Come with me  
Come to me and come with me  
Come to me and come with me  
My superstarvation
