Every time a hamburger looks into my eyes  
I forget all of my sadness and the Happy Meal prize  
Cuz I'm a starving motherfucker who wants much  
bigger thighs  
Get so horny when a onion ring gets fucked by a fry  
What can I do? I love you, I'd hump you, it's cool  
I just don't care what they say (BURGER BABY)  
Know what I'll do, I love you, I'll hump you, it's cool  
And we'll be happy that way (BURGER BABY)  
I'm the kinda lady who will get down and spread  
Spray that shit all over me till Carl Junior is dead  
Uh, the ketchup that is-just paint my space titties red

And grab a condom so your condiments don't spill on  
the bed  
Weepin' like a bitch one night I just couldn't stand it  
Knocked up with a burger baby and I just hadn't  
planned it  
Called up Smokehouse for cash, they said, "We don't  
understand it!"  
I said "BURGER ABORTION I DON'T ASK IT I DEMAND  
IT!!!!"  
What can I do? Can't kill you, I love you, I do  
I'll just raise you up as my son (BURGER BABY)  
Know what I'll do, won't kill you, I love you, I do  
And you'll be my only one (BURGER BABY)
