Gazoyngas a plenty! Back pains she had many!  
For such knockers hooters funbags boys were not even  
ready  
She could hold your beer! Without hands she could  
steer!  
Smack a grown man in the face so hard he's she'd a  
few tears!  
GHOST BOOBS OH YOU HARDLY KNEW ME  
GHOST BOOBS OOH WE HARDLY KNEW YE  
It was a fad diet! She had to try it!  
Chrissy Snow looked pretty hot, so Thighmaster?  
Just buy it!  
A paid membership at the bulldyke gym  
Cuz her boyfriend liked Sue Powter so why not impress  
him?  
What she didn't foresee was that her big'uns would  
flee  
Her thighs and gut both stayed the same but she could  
now see her knees  
Her boyfriend he did weep!  
He thought her twiddles would keep  
But they didn't know that they would come back in her  
sleep!  
CHORUS  
I thought I was fat  
So I went on a diet  
If I knew that they'd split  
I would've never of tried it  
A-Whoa..yeah!!!X8
