I got somethin' to say! (what?)  
I'm kinda gay! (yeah?)  
I like to get paid and have sex for days (no!)  
So listen up ladies  
I like guyz and hate babies  
If you get me real drunk  
I'll go for the junk in the trunk  
You want me bigtime, I only want you minitime  
But then I see Matt Dillon and I want it HUGETIME!  
You open up your lips and try to seal my doom  
So I make a beeline straight to the menz room

I thought you were cute  
I thought your ass was fine  
But then I took down your pants  
And I said 'NEVER MIND!!!!'

Don't even try to play me bitch  
Don't even try to front  
You think that you want dong  
But I know you want wet cunt  
And there you go  
Bein' all sick  
Are you stupid, girl?  
Of COURSE I want the dick!!!!

Stop lyin', ho!  
You know that you want it!  
NO I DON'T!!!!

Yes you do! Just admit it! ADMIT IT!!!!  
You made me gay, girl, you made me gay, girl!!!!

Are you gay?  
HAAAAY, you made me GAY.

I thought you liked it that way!  
Naw, bitch, I'm gay!

I thought you liked it that way!!!!  
No, ho, I'm fucking gay!!!!  
You made me gay, girl, you made me gay, girl

You ain't gay  
HAAAAY, you made me GAY.  
STOP! jockin' me girl  
Why can't you see?

There's a million guys  
That are dyin' to screw me

I see how it is Hunx  
I don't give you a bona  
When I'm through with your ass  
It will be in a coma  
You have the ass  
You have the titty  
But there's somethin' in my pants  
That makes me wanna go to the shitty city

But menz ain't got no pussy  
They ain't got no vagina  
I'm THROUGH with you gay boyz  
Drop outta mankind-a!!!!  
You got Willy Wonka up in your underwear  
And I like honey cuz I'm a little bear

Well I only pursued you cuz I heard that you had girth  
But now I wish yo silly momma had NEVER given birth  
Go gay, girl, it's so much better  
I like the cheese, yeah, I like the cheddar

Your cock ain't nuthin' anyway I'd rather suck a dog off  
And I'll just use a cucumber to get my fucking rocks off  
There's so many girls and there's so many guys  
It's hard to decide, when I like chicken thighs

You're missing out on hot ass humps cus I spread legs  
like anthrax  
And Kenny G type blowjobz cuz I play a mean skin sax

For today go ahead and do me that way  
But I made up my mind, silly ho, I'm GAY!!!!

Well maybe I should change my ways and stick to only  
ladies  
Cuz I hate shitty menz and I don't want shitty babies.
