[Verse 1]

We honored, yeah
This fellas lookin' like that
And see it from the back, ooh
Can't focus, no
Baby, breaking they necks, tryin'
To see it what they can get
They notice, yeah
Baby lookin' at us
Baby what's your sign
Stay focust boy
'Cause I now what you really like
Some time of tonight
It's alright

[Hook]

Nice and jucie, like tutti frutti
Sweet and sexy, just like a tootsie
Roll around make me get loosy
Watch me now, watch me now

[Chorus]

Like I move it up and down
Like I make that thing a round
Like I bossy, jurckin', rollin', bourked
My big apple, my sweet apple
Like to sipp up in my jeans
Like to watch me do my thing
Like I bossy, jurckin', rollin', bourked
My big apple, my sweet apple

[Verse 2]

You want it, yeah
So tell me what you waitin' for
Baby bring it to the floor
Can't fight it, no
My intuition on ring
Roll up in my thing
'Cause I
Can't stop it, no
Once I get to shaking
Watch your body eaking

To grind this boy
See you coming on strong
Kiss my beon tonight

[Hook]

Nice and jucie, like tutti frutti
Sweet and sexy, just like a tootsie
Roll around make me get loosy
Watch me now, watch me now

[Chorus]

Like I move it up and down
Like I make that thing a round
Like I bossy, jurckin', rollin', bourked
My big apple, my sweet apple
Like to sipp up in my jeans
Like to watch me do my thing
Like I bossy, jurckin', rollin', bourked
My big apple, my sweet apple

Watch me now, Watch me now
Watch me now, Watch me now
Watch me now

[Rap]

My big apple

My big apple, my sweet apple

[Chorus]

Like I move it up and down
Like I make that thing a round
Like I bossy, jurckin', rollin', bourked
My big apple, my sweet apple
Like to sipp up in my jeans
Like to watch me do my thing
Like I bossy, jurckin', rollin', bourked
My big apple, my sweet apple (2x)
