They loved it's beauty  
That I couldn't see  
Loved those songs I thought were full of grief  
Let me out, asked it's eyes  
Let me out I'm dying  
Let me out of this cage  
At least for one time

Without hope  
Without freedom  
There is no life

One day the singing stopped  
And a silence fell  
They wondered what could be wrong  
But it couldn't tell  
Let me out, asked it's eyes  
Let me out I'm dying  
Let me out of this cage  
At least for one time
