Ooh, short and sweet  
No sense in draggin' on past our needs  
Let's don't keep it hangin' on  
If the fire's out, we should both be gone

Some people are made for each other  
Some people are made for another for life, how 'bout  
us  
Some people can hold it together  
Last through all kinds of weather, tell me can we

Now don't get me wrong  
'Cause I'm not tryin' now to end it all  
It's just that I have seen  
Too many lover's hearts lose their dreams

Some people are made for each other  
Some people are made for another for life, how 'bout  
us  
Some people can hold it together  
Last through all kinds of weather, tell me, can we

How 'bout us  
How 'bout us, baby  
How 'bout us  
How 'bout us, baby

Some people are made for each other  
Some people are made for another for life, how 'bout  
us  
Some people can hold it together  
Last through all kinds of weather, tell me, can we
