(SÃ©an McCann)

Gotta believe in love
When we're together something always starts
We're both better off when we are apart
Some days you hate me I can see it in your eyes
Seems like lately you can't wait to criticize me

CHORUS:

It's alright we don't have to fight tonight
It's alright
It's alright we don't have to fight tonight

Every day I can see the rockets fly
Over the graves of too many who have died
Fighting for man or some ancient holy shrine
I bet your blood runs red just the same as mine

CHORUS

I said love
Gotta believe in love

How many more of our children have to fall
And just how high do we have to build these walls
Fighting has no dignity, it's just a waste of time
Take my hand, I don't think God will mind

CHORUS (x2)

Gotta believe in love
Ya gotta believe in love
