Love LaLaLaLa Love

When we're together why does something always start
Are we both better off when we are apart
Someday's you hate me I can see it in your eyes
It seems like lately you can't wait to criticize me

[Chorus]

It's alright, we don't have to fight tonight
No, it's alright [repeat]

Everyday I can hear the rockets fly
Over the graves of too many who have died
Fighting for land, or some ancient holy shrine
I bet your blood runs red, just the same as mine, yeah

[Chorus]

[Bridge]

Love LaLaLaLa Love

How many more of our children have to fall
Just how high do we have to build these walls
In fighting there's no dignity
It's such a waste of time
Take my hand,
I don't think God will mind.

[Chorus]

Love
