Somedays I feel sad and lonely  
Somedays I feel fine  
Somedays the clock just ticks too slowly  
And I wish away my time

But when you come to me  
I realize how wonderful this life can be  
With you, you and me

Somedays I get so psychotic  
And somedays I am blue  
Somedays I sip my gin and tonic  
And I wonder what the world will do

[chorus]  
Somedays I think I just fell from the sky  
Somedays I see a child and start to cry  
But everyday I try

Somedays I am virtuous  
More days I am bad  
Somedays I just can't get enough  
Of the sweetest thing I've ever had

[Chorus]
