I had a dream I was moving forward
Floating gently to the sun
I've come to see my world rewarded
A new day has begun

A lost bird caught in mid-migration
Far away to a foreign land
Offspring of a secret nation
A new day has begun

Well I can see the earth below me
And I can feel it turn, feel it turn
Feel it turn, feel it turn

Fog lifts to reveal potential
For generations prophesied
Our growth to be exponential
Our promise is finally realized

Well I can see the earth below me
And I can feel it turn, feel it turn
Feel it turn, feel it turn
Feel it turn across the sky
For the world it learns, so must I

Cut steel wired into water
Fixed link, circumnavigate
Old men see your sons and daughters
No longer, no longer hesitate

Well I can see the earth below me
And I can feel it turn, feel it turn
Feel it turn, feel it turn

Feel it turn, feel it turn
Feel it turn, feel it turn
Feel it turn, feel it turn
