It's not the way that I intended this  
I didn't realize, how much I would miss...  
But with every parting of our company  
I hate to think, what it has done to me

[Chorus]  
You didn't see, that I was sorry  
This has to be, my apology

When cruelty comes with blind indifference  
My humanity becomes my best defense  
But if you consider the alternative

I really didn't have that much to give

[Chorus]

A tragic victim of my circumstance  
Never give the devil a second chance  
If you do you know that you can never win  
Probably best to forget and begin again

Can't you see, that I am sorry  
This has to be, my apology  
My apology  
My apology
