The devil's head is along the highway  
He's electric and gotta nothing to say  
Not an easy road in the heat of the day  
I'm sick and tired of the tolls I've got to pay  
Do you fill my head with lies  
I'm sleeping uneasy tonight  
My body is broken and I am shaking inside  
Pearls before the swine love is higher and law  
The purple sky brings out the hungry dogs

Sonny boy Williamson can you tell me what went wrong  
Can I have your shoulder to lean on  
When a child is unwanted they say justice falls  
Let's go into the poor neighborhoods and machine gun  
them all  
Salvation is a dove and a branch the rainbow crucified  
Chill the Messiah who is you Jesus Christ
