I been wounded by ambition  
Promised the impossible dream  
Lied to me with pen and ink  
Criticized for ministry  
Reach out for the lost Manipulated  
by my friends  
The heart is desperately wicked  
Who are the Born Again?

God cannot change  
God cannot lie  
God does not evolve

God cannot change  
God cannot lie  
God does not evolve

All is gained all alone  
Nothing's lost all if found  
All for love

(god it is all heard)????

All is gained all alone  
Nothing's lost all if found  
All for love

(god it is all heard)????

You say I have a problem  
Sounds like you have a problem  
I got no problem with you

What's truth?  
God's Word is pure  
What's truth?  
Only thing I know  
What's truth?  
God's Word is pure  
Only thing to liberate my soul

God cannot change

God cannot lie  
God does not evolve

God cannot change  
God cannot lie  
God does not evolve  
All is gained all alone  
Nothing's lost all if found  
All for love  
All for love

(god it is all heard)????

All is gained all alone  
Nothing's lost all if found  
All for love

(god it is all heard)????

If you can't keep your tongue  
You can't keep your soul  
You talk about love  
You're killing me in cold blood

This is my freedom  
This is my statement  
This is God's music  
Here is my confession

God cannot change  
God cannot lie  
God does not evolve

God cannot change  
God cannot lie  
God does not evolve

All is gained all alone  
Nothing's lost all if found  
All for love  
All for love

All is gained all alone  
Nothing's lost all if found  
All for love

(god it is all heard)????
