

## **Bride "Hell No"**

Close the hatches and lower the sails  
The wind is whipping great balls of hail  
Tempest is raging pulling us down  
Time to learn to swim or time to drown  
Oars have broken your time to kneel  
The storm is screaming with vengeance to kill  
Faith has plunged into the sea beneath  
Waves beat the ship with iron fist to sink  
We won't go to Hell, no we won't go [2x]  
(All aboard)  
Fear is the driver we fight for our lives  
We're not afraid of death but we don't want to die  
Prayed outloud and clung to the deck  
No glory for sailors when they've been ship wrecked
