"Never Thought Of Going Back"

In a moment in the twinkling of an eye everything you
know is gone

Nothing feels right everything is wrong

Your no longer in control you're helpless and alone

The one you kneel before he sits upon a throne

You find yourself in a courtroom a place without walls

Cause here there is no time eternity begins and ends

The judge and the lawyer and the jury looks the same

Cause they are one and they are all the same

I never thought about

I never thought about

I never thought about

Going back

You never believed that this moment would come

Cause you never believed in him

Something terrible seems to have happen and there's
no time to repent

Every opportunity to be forgiven passed you by

The words that you have feared are upon you

Depart from me nothing that's accursed can enter in

Nor nothing that defiles you never consider the blood

To the praise of the glory of His grace

I never thought about

I never thought about

I never thought about

Going back

God so loved the world merciful longsuffering

You never saw eternity as something so beautiful

Awake to righteousness and cleanse your hands

Jesus is the Son of God He is the Son of Man

Accepted and beloved at the cross an exchange

Deliverance, healing restoration price paid

Manifest, transformed, all things new

My hiding place my image my all in you

I never thought about
I never thought about
I never thought about
Going back

I never thought about
I never thought about
I never thought about
Going back
