Everybody needs, Someone to lean on
Everybody needs, To remember where they've been
Everybody needs, Some where to call heaven
Everybody needs, Something to believe in

Chorus

Everybody needs, A personal Savior
Everybody needs, A Hand From A Friend
Everybody Needs, A Personal Savior
Everybody Needs, Freedom From Their Sin

Verse

Everybody's gonna feel hopeless and lost
Everybody's going To blame and taste fear
Everyone Hears A Still Small Voice
Everyone Is Going to shed a tear

Everyone Needs To Learn to break bread
Everyone needs faith Not a sign
Everyone needs to carry their own cross
Everyone Needs the blood bottled like wine
