

## **Bride "Place"**

Visit "[Place](#)" on MotoLyrics.com

What if I'm right and you are wrong  
If I have eternity and you don't have long  
What if there is a heaven and a place called hell  
What if my foolishness was really wisdom to your ears  
And my preaching brought the spirit so near  
What if there is a heaven and a place called hell  
What if you could water turn to wine  
Would you say a miracle or call it a crime  
What if there is a heaven and a place called hell  
What if you see Jesus on judgement day  
Do you think you'll get a second chance  
What do you think the King will say
