I looked back to see it all
Like a moth to the flame
Stopped pushing pulled my hand from the plow
I looked back looked down
Embraced the world - closed my soul
Looked back - looked back - looked down
Looked back - looked back - looked down
One last glance at the world I know
Looked back - looked back - looked down
Looked back - looked back - looked down

All my sins forgiven me
Except the sin of apology*
Holy Ghost I do swear
Like a sound in the air

Embraced the world - closed my soul
Looked back - looked back - looked down
Looked back - looked back - looked down
One last glance at the world I know
Looked back - looked back - looked down
Looked back - looked back - looked down

To forgive is a must
Give and it will be given to you
Good measure pressed down
Shaken together and running over you

Embraced the world - closed my soul
Looked back - looked back - looked down
Looked back - looked back - looked down
One last glance at the world I know
Looked back - looked back - looked down
Looked back - looked back - looked down
