The sky grew black and like an engine humming  
I could tell it was my time  
I could hear the sound of my heart beat thumping  
And the echoes in my mind

Just like the prophet spoke, babe it's not a joke  
Don't take another sip of wine  
You better leave the bottle  
Cause it's coming full throttle  
And it's going to mess with your mind

Under the influence  
Yeah,  
Killing the innocent  
No,

See the eyes of the innocent cause you embarrassment  
Will i make it out alive  
I can beg, i can plead or watch you bleed  
You know i'm not afraid to die

Don't be deceived by what you might see  
It gets worse for me everyday  
I could tell you things that you might not believe  
They highway shows me the way

I steer to the left and i setter to the right  
I hear their fatal screams  
I never drink more than i really need  
It's always worse than it seems
