Incarcerated in mortality  
Until we give up the ghost  
Languishing over morality  
The flesh we love the most

The soul incased in prison  
Encircled within our minds  
The conscience strains to listen  
The ticking hands of time

Expression, confession I can't wait  
War

Expression, confession I can't wait  
War

Incriminated abandoned  
Upon the blasted plains  
Without hope in this life  
God in the flesh came

Justice and the law  
Established to condemn  
Holy Spirit sent  
To convict the heart of sin

Expression, confession I can't wait  
War

Expression, confession I can't wait  
War

I swear you live your life  
Like your going to live forever  
Actions of a natural man  
We all meet there together

I never put any faith in this life  
And the countdown begins  
The Day turns to Night

Voices from the earth

Say don't come to this place  
don't come to this place  
don't come to this place

Expression, confession I can't wait
