Into the mountain
Into the sea
Into the graveyard
Into the leaves

We don't need our bodies
We don't need our minds
We don't need discoveries
Just leave them in the mines

When we wake up to see
That we're lost souls in need
And we're hollering defeat

Into the rapist
Into the heart
Into the killer
Into finish into start

We can't keep on dreaming
For how much we need
We can't keep on speaking
The words never leave

When we wake up to see
That we're lost souls in need
And we're hollering defeat

Without our minds, we'll build a trust
To carry all that sound into the dust
We want the ancient, we can't hold a key
We are collapsing onto our knees

When we wake up to see
That we're lost souls in need
And we're hollering defeat
We're lost souls in need
