"Silence"

Used to cry myself cold
Now i cry in your warmth
Used to laugh myself bold
Now i don't laugh alone
And our finest moments are silence.
Our silence.
We could take up a day
Walk the city streets
And say look at that and laugh at that i'll tell you some
stories
You can tell me all your dreams.
But there's something else, that means so much more
When we lay there in silence.
When we stare out in silence.
Our finest moments are silence.
Our finest moments are -
I wish i could own them, because i live for these
moments of silence.
Our silence
When we lay there in silence.
When we stare out in silence.
When you hold me and i can't say anything, i realize
you are my silence.
You are my silence.
