Your love  
Love is all around me, everywhere  
Love has come to touch my soul  
With someone who really cares

No one can deny us  
People who once passed me by  
Will turn their heads and

I'm happy just to be with you  
And lovin' you the way I do  
Is everything I need to know  
Just restin' in the afterglow of your fire

You  
Yes, you have always been here, a feelin' deep inside  
A feelin' that I could not see  
Or touch, or try to hide

My love is in and without you  
I bless the day that I found you  
So listen baby

I'm happy just to be with you  
And lovin' you the way I do  
Is everything I need to know  
Just restin' in the afterglow of your fire

Love is like a voice in my head  
Keeps turning out all the things that we said  
Yeah yeah yeah

I'm happy just to be with you  
Baby lovin' you the way I do  
Is everything I need to know, yeah  
Just restin' in the afterglow of your love
