Hey, hey, momma, well my box don't play
My strings is rusted, they're all frayed away
Hey, hey what now, my drive is shot
I'm all tied up inside a misery knot

Ain't no dancin', got no tango feet
I'm jammin' traffic down on my love street
Now I don't know what I ought to do
I've lost the lock on my groove with you

So what now honey, so I'm screwed up too
But I can't fit without my piece of you
Without your touch, I won't pull through
I burn a fever like a hoodoo stew

Doctor me baby, down to my soul
I need love to break its stranglehold
Doctor me baby, down to my soul
I need a love to bring me out of the cold, that's right

Well there ain't no words that I know to say
To make it better Lord in any way
Sister, sister, my need is you
This heart is hopin' you can treat it too

See my blood's on fire, yet I feel so cold
Oh baby touch me, make this feelin' go
Can't you see what you need to do?
I feel better when I'm touched by you

Doctor me baby, down to my soul
I need love to break its stranglehold
Doctor me baby, down to my soul
I need a love to bring me out of the cold

Oh little baby, don'cha slip away
Your love in motion takes my pain away
That's right

Doctor me baby, down to my soul
I need love to break its stranglehold
Doctor me baby, down to my soul

I need a love to bring me out of the cold

Doctor me baby

I need love to break its stranglehold

Doctor me

I need a love to bring me out of the cold
